Dues Schedule for Consumers

Dues for Consumers of metallic, non-metallic, and paper fiber materials are calculated on annual gross sales. Annual Gross Sales are calculated by using the ratio of scrap purchases to total raw material purchases times the total gross sales. To determine annual dues, apply that figure to the following appropriate dues category. Note: A member that has operations or facilities that fall within multiple dues categories (Active, Associate, Consumer, etc.) must calculate the appropriate dues within each category, and then pay dues not upon the total of all such categories but based upon the highest calculated category.

While ReMA dues or contributions may be deductible by members as an ordinary and necessary business expense, they are not deductible as charitable contributions for federal income tax purposes. This non-deductible percentage reflects the portion of ReMA's expenses used for "lobbying" as defined by the OBRA of 1993. The non-deductible percentage of your 2026 national dues is 7%. The portion of your dues that is spent to lobby the State and Federal Government is not deductible for federal income tax purposes.
